## **VOXUS Again Nominated for MobileVillage Mobile Star Award**

**Gig Harbor, Wash. – October 16, 2008** – VOXUS, Inc. ([www.voxuspr.com](http://www.voxuspr.com)), a public relations consultancy for technology companies, today announced it has been nominated for a MobileVillage Mobile Star Award™ in the Wireless and Mobile Technology PR Firm Category. In 2007, VOXUS was awarded the highest honor, a Gold Star, in the MobileVillage Awards for demonstrating public relations excellence with their mobile and wireless clients.

The Mobile Star Awards Program recognizes the top mobile products, success stories and visionaries as chosen by thousands of readers of MobileVillage's free twice-monthly newsletter Go Mobile®. Voting will remain open until October 20, 2008. To sign up for the newsletter and vote, visit: <http://www.mobilevillage.com>

“Mobile and wireless is one of our areas of expertise, so it’s an honor to be recognized for helping our clients in these industries meet – if not surpass – their objectives,” said Paul Forecki, President of VOXUS. “At the center of VOXUS’ continued success is our dedication to designing public relations programs that maximize a company’s unique resources and budget. Being recognized for this approach in a reader-based award competition is extremely rewarding.”

VOXUS is a full-service public relations firm specializing in the design and execution of results-driven communication programs for emerging and established technology

leaders. The company's focused approach enables smaller companies to cost-effectively tailor public relations programs to meet targeted requirements.

The VOXUS team has extensive experience leading public relations programs for mobile businesses, including Ortiva Wireless, provider of the only commercial solution for proactive management of mobile video and AirMagnet, award-winning provider of wireless network assurance solutions. Other mobile clients include Big Canvas, developer of online and on-device applications for the Apple iPhone and iTouch and CipherLab, award-winning innovator of Automated Identification and Data Capture mobile computers and scanners.
